Özet

Hello World / Mars!

I have a great passion to make my dreams come true. I want to start
a company that will continue even if I am not alive. The company
is going to produce technologies to improve the world with future
generations to make good tomorrows.

I aim the future :)

For computers ;
01001100 01100101 01110100 00100111 01110011 00100000
01101101 01100001 01101011 01100101 00100000 01110100
01101000 01100101 00100000 01101100 01101001 01100110
01100101 00100000 01100010 01100101 01110100 01110100

Deneyim

HCL Software
Software Engineer
Temmuz 2020 - Present (4 yıl)
Cracow, Małopolskie, Poland

I worked in diffirent modules of BigFix with various international teams such as
HCL Software Italy, India and Poland.

-IVR / Convergence
Onboarding later than new project initiation with using React / Node.js and was
targeting to implemented to be as one of the modules of BigFix WebUI

-SCD, OSD
Migrating Flash / ActionScript based structure with using JavaScript / JQuery /
React

-WebUI
Implementing new panels with using JavaScript / React / Redux
Migrating panels from Angular to React

-Inventory (currently)
*Contributing regular development process with using React / TypeScript /
Ruby on Rails / JavaScript /
Java

*Writing test cases regarding the implementations and fixes on tests suits with
using Jest, Enzyme,
Selenium, Cucumber, Jasmine

I had Ownership of Performance Test environments
Running performance suits on product before release to measure performance
and prepare analyses
and comparison with previous releases. Consulting with the Architect and
prepare final performance
outputs to deliver and later on initiating discussions on addressing the issues
to developer team.

-Jenkins, Shell, Bash, JMeter

*Initiating React refactoring
Defining roadmap to refactor current React code base and taking responsibility
on UI/UX
improvements as well as organizing meetings to initiate cross geo team co-
operations to
apply BigFix's design and businness standards to Inventory's UI.

www.technox.com.tr
Founder | Co-Owner
Aralık 2016 - Ocak 2021 (4 yıl 2 ay)
Istanbul, Turkey
